Student Comment

“Although I am still not sure what I want to do after school, this has given me a great insight into this career and one that I shall seriously consider.”

“I feel I have grown considerably in confidence since starting my placement and I love working in the salon. They have given me a Saturday job and are sending me on a 7 week shampoo training course.”

Employer/Supervisor Comment

“Paris is always ready to work; her attitude is excellent towards her team mates and clients. Paris now plays a great role with us and we are pleased to have her on our team.”

“Paris is a joy to have in the salon; she talks to everyone, staff and clients, and fits in extremely well. We actually don't think we could do without her on a Saturday now and we have offered her an apprenticeship for when she finishes school. We all just love having her here.”
